

Project idea / solution:

--

To which of the UN Sustainable Development Goals (SDGs) could this idea be linked?

Goal 1: No poverty	Goal 10: Reduced inequalities
Goal 2: Zero Hunger	Goal 11: Sustainable cities and communities
Goal 3: Good health and well-being	Goal 12: Sustainable consumption and production
Goal 4: Quality education	Goal 13: Climate action
Goal 5: Gender equality and women's empowerment	Goal 14: Life below water
Goal 6: Clean Water and Sanitation	Goal 15: Biodiversity, forests, desertification
Goal 7: Affordable and clean energy	Goal 16: Peace, justice and strong institutions
Goal 8: Decent work and economic growth	Goal 17: Partnerships for the Goals
Goal 9: Industry, Innovation and Infrastructure	

Which people and / or organizations (which may be public organizations or private companies) will be affected by the new solution, for example, will it be able to use it directly as users or will it be able to benefit from it in some way?

--

Which people and / or organizations (which may be public organizations or private companies) could help implement the project idea / solution, for example by supporting it with money, decisions (eg politicians) or technical assistance?

--

What needs to be done to make the idea / solution a reality? What information should be found / prepared?

--

What kind of prototype could be prepared?

--

A prototype is something a user (stakeholder) can interact with or experience, for example a drawing, a chart, a wall of post-it notes, a gadget the group puts together, a storyboard or a role-playing activity
